The Corporate Challenge allows organisations, whatever their size to compete to become the fastest Corporate Team at one or all of our races.

Being part of our Corporate Challenge can bring your employees together, help you stay healthy, and build team spirit as well as enabling you to fundraise for your **Charity of the Year**.

With a range of packages available, there is something suitable for all organisations.

“My team, clients and I have taken part in the corporate challenge for a number of years and find it is fantastic incentive to stay fit, build a great rapport with everyone involved and maintain a healthy workforce. I recommend the challenge for any business and look forward to going head to head with some great competitors next year.”

Matthew Bound, Home from Home

“Within the company we have had a team in the Corporate Challenge at the JCP Swansea Half Marathon for several years.

The race is always a fantastic day from start to finish with thousands of runners and crowds of spectators lining the route to cheer us on the whole way. It was a real team effort and great to be a part of, especially as being part of the Corporate Challenge allows us to fundraise for local charities.”

Claire Northey, Arvato Bertelsmann
